

4th AOPMC Scientific Program

Please note that the times, titles and topics are subject to change.

Friday, November 28

- 12:45-13:45** **Opening Symposium:** *Balancing efficacy and adverse events of dopamine agonist in PD management* (Sponsored by Boehringer-Ingelheim)
Tim Anderson (New Zealand)
Yoshikuni Mizuno (Japan)
- 14:00-15:00** **Opening Symposium:** *Complementing clinical examinations in targeting muscles for botulinum toxin injection: Methods of localisation by using cervical dystonia as a model* (Sponsored by Allergan)
Priya Jagota (Thailand)
Erle Lim (Singapore)
- 15:30-16:30** **Opening Symposium:** *Practical tips for managing complications in advanced Parkinson's disease* (Sponsored by Novartis)
Werner Poewe (Austria)
Nobutaka Hattori (Japan)
- 16:45-17:45** **Opening Symposium:** *A holistic view of Parkinson's disease* (Sponsored by Abbott-UCB)
Simon Lewis (Australia)
K. Ray Chaudhuri (United Kingdom)
Thomas Kimber (Australia)
- 18:00 - 19:00** **Opening Ceremony**
- 19:00 - 19:30** **Welcome Reception**
- 19:30-20:30** **Dinner Symposium:** *Optimizing Parkinson's disease pharmacotherapy* (Sponsored by Lundbeck)
Heinz Reichmann (Germany)

Saturday, November 29

- 08:00-09:30** **Plenary Session I:** *Perspectives on Parkinson's disease: Past accomplishments and future*
- 8:00 Evolving clinicopathological concepts of Parkinson's disease: Moving beyond the "Decade of the Brain"
Werner Poewe (Austria)
- 8:30 Indications for using biomarkers for the diagnosis of Parkinson's disease: Options for various scenarios
Anthony Lang (Canada)
- 9:00 Insights into the natural history of Parkinson's disease: What is the appropriate therapy for patients in different stages?
Victor Fung (Australia)

- 10:00-11:30** **Plenary Session II: *Therapeutics in Parkinson's disease: The Asian-Oceanian viewpoint***
- 10:00 Pharmacological, surgical, and infusional therapies in Parkinson's disease: A closer look at the Asian-Oceanian data
Shen-Yang Lim (Malaysia)
- 10:30 Asian complementary practices in the management of Parkinson's disease: Applications and evidence
Beom Jeon (Korea)
- 11:00 The use of neurorestorative technologies in Parkinson's disease: Asian-Oceanian experiences
Ryosuke Takahashi (Japan)

11:30-12:30 **Poster Session A**

- 13:00-14:00** **Lunch Symposium: *Partnerships beyond the technology*** (Sponsored by Medtronic)
Chong Sik Lee (Korea)
Peter Silburn (United Kingdom)

14:30-16:00 **Parallel Sessions**

Parallel Session 1211: *Effective management of PD symptoms (motor and nonmotor) fluctuations in clinical practice?* (Supported by Roche)

- 14:30 Clinicopathologic correlations of symptom (motor and non motor) fluctuations in Parkinson's disease
Francisco Cardoso (Brazil)
- 15:00 Symptom fluctuations in PD: Boundaries beyond recognition
Ruey-Meei Wu (Taipei)
- 15:30 How can medications be adjusted to minimize symptom fluctuations? Basic principles
Shengdi Chen (China)

Parallel Session 1212: *Physiological studies in movement disorders: When do clinicians need them and practical interpretation?*

- 14:30 Electrophysiological studies on tremor, myoclonus and dystonia
Ryuji Kaji (Japan)
- 15:00 Diagnostic and therapeutic roles of rTMS in movement disorders
Yoshikazu Ugawa (Japan)
- 15:30 Electrophysiological studies in peripheral movement disorders
Jou-Hsien Chen (Taipei)

Parallel Session 1213: *Diagnostic clues from neuroimaging: Practical tips for clinicians*

- 14:30 Parkinsonism
Chong-Sik Lee (South Korea)
- 15:00 Non-parkinsonian disorders
Mohit Bhatt (India)
- 15:30 Interactive session: Radiological diagnosis
Oraporn Sitburana (Thailand)

16:30-18:00 Parallel Sessions

Parallel Session 1224: *Defrosting PD and understanding "freezing of gait" (FOG) and falls*

16:30 Subclinical gait and postural dysfunction in early PD: Time for intervention?

Simon Lewis (Australia)

17:00 The physiological and clinical dynamics of FOG and falls

Yasuyuki Okuma (Japan)

17:30 Implementing effective strategies to reduce FOG and falls in PD patients--
medications, training, devices and home modifications

Meg Morris (Australia)

Parallel Session 1225: *Recognition and management of movement disorders conditions
in general medical practice*

16:30 Movement disorders in intensive care units: Differentiation from mimics and
therapeutic priorities

Chusak Limotai (Thailand)

17:00 Movement disorders in autoimmune and neoplastic disorders

Eng-King Tan (Singapore)

17:30 Movement disorders in metabolic disorders

Norlinah Ibrahim (Malaysia)

Parallel Session 1226: *Chorea in clinical practice*

16:30 Clinical Clues to look for that help define your differential diagnosis

Philip Thompson (Australia)

17:00 Diagnostic work-up in chorea: Practical considerations

HuiFang Shang (China)

17:30 Spectrum and management of drug-induced movement disorders

Sith Sathornsumetee (Thailand)

**18:30-19:30 Dinner Symposium: *Optimizing the role of botulinum toxin in the management of
hemifacial spasm and blepharospasm* (sponsored by Ipsen)**

Raymond Rosales (Philippines)

Shen-Yang Lim (Malaysia)

20:00 - 22:00 Video Tournament

Sunday, November 30

**08:30 - 10:00 MDS Lectureship Awards: Yoshikuni Mizuno Award Lecture and Philip Thompson Award
Lecture:**

Yoshikuni Mizuno Lectureship Award Recipient Nobutaka Hattori: *Pathogenesis of
Parkinson's disease: Mechanistic insights from gene functions of monogenic forms of
Parkinson's disease*

Philip Thompson Lectureship Award Recipient Robert Iansek: *Comprehensive care in
Parkinson's disease: Are we ready yet?*

10:30-12:00 **Plenary Session III: *Specific movement disorders in the Asian-Oceanian region: Historical and recent developments***

- 10:30 Sex-linked recessive dystonia parkinsonism of Panay
Lilian Lee (Philippines)
- 11:00 Segawa's disease and Parkinsonisms, ALS, Dementia complex of Kii Peninsula
Shigeki Kuzuhara (Japan)
- 11:30 Common movement disorders in the Asian-Oceanian region
Roongroj Bhidayasiri (Thailand)

12:00-13:00 **Poster Session B**

13:30-14:30 **Lunch Symposium: *Apomorphine in Parkinson's disease: Clinical evidence and best practice*** (Sponsored by Britannia)
Teus van Laar (Netherlands)
Roongroj Bhidayasiri (Thailand)

15:00-16:30 **Parallel Sessions**

Parallel Session 2217: *Clinical signs that assist clinicians in making a diagnosis of a movement disorder condition*

- 15:00 Parkinsonian disorders
- 15:30 Hyperkinesias
Asha Kishore (India)
- 16:00 Psychogenic movement disorders
Mark Hallett (USA)

Parallel Session 2218: *Surgery of movement disorders*

- 15:00 Evolution of surgical therapy for PD and dystonia: Where are we now?
Sun Ha-Paek (Korea)
- 15:30 Various targets of PD surgery: Practical considerations for clinicians
Jawad A. Bajwa (Saudi Arabia)
- 16:00 Troubleshooting common surgical complications and DBS issues in PD and dystonia
Apichart Pisarnpong (Thailand)

Parallel Session 2219: *Management strategies of difficult problems in movement disorders*

- 15:00 Management of autonomic dysfunction in parkinsonism
Miho Murata (Japan)
- 15:30 Management of sleep problems in parkinsonism
Madhuri Behari (India)
- 16:00 Management of hereditary degenerative ataxias
Hidehiro Mizusawa (Japan)

17:00-18:30 **Parallel Sessions**

Parallel Session 2310: *Nutritional considerations and gastrointestinal dysfunction in PD: Practical Management*

- 17:00 Effective management of swallowing difficulty and dysphagia in PD
Sarah Ko (Singapore)
- 17:30 The contributions of gastrointestinal dysfunction to weight loss in PD: What are the therapeutic options?
K. Ray Chaudhuri (United Kingdom)
- 18:00 Nutritional tips for PD: Prevent weight loss, optimize absorption of levodopa and enhance musculoskeletal and cognitive fitness
Juei-Jueng Lin (Taipei)

Parallel Session 2311: *Movement disorders in vascular diseases and hydrocephalus*

- 17:00 Poststroke movement disorders: Strategic locations, spectrum and management
Jonas Yeung (Hong Kong)
- 17:30 From 'atherosclerotic' to 'vascular' parkinsonism: Evolving concept and therapeutic principles
Pramod Pal (India)
- 18:00 Clinical complexity of hydrocephalus and parkinsonism: Optimal balance between medical and surgical management
Masakazu Miyajima (Japan)

Parallel Session 2312: *Understanding neuropsychiatric manifestations in PD and atypical parkinsonisms*

- 17:00 Cognitive impairment and behavioural disorders
Hee Tae Kim (Korea)
- 17:30 Multisensory hallucinations and delusions
Praween Lolekha (Thailand)
- 18:00 Impulse control disorders/ Behavioral addictions
Thomas Kimber (Australia)
